## 4: Childrun's Tellyvision.

Childrun's programmes are often presentid bi grinning lunies in hideeus jumps hoo tell yoo obveeus things ["Mistar Reagan is boss of Amerika, kiddies"], but knot interesting things ("He thincks he's a froot-bat"). They orlways tell yoo how to mayke models of the Titanic etc. from empiee woshing-up likwid bottels. The models nevar luk lyke they're suposed to. They orlways luk lyke a lode of old woshing-up bottels stuk toogethar. Besydes, I orlways get into trubble off Mum for poring orl her woshing-up likwid down the toylet. In the aftarnunes, Childrun's TV has puppit programmes abowt jollie postmen, firemen etc. If it's a verrie ecksiting eppisode, the postman delivers a letter, but userlie nothing happens. This is just lyke reel lyfe for a lot of peepul, which is why "Postman Pap" and pals are so popyolar with the unemployd.
